

Display multi line price / material information

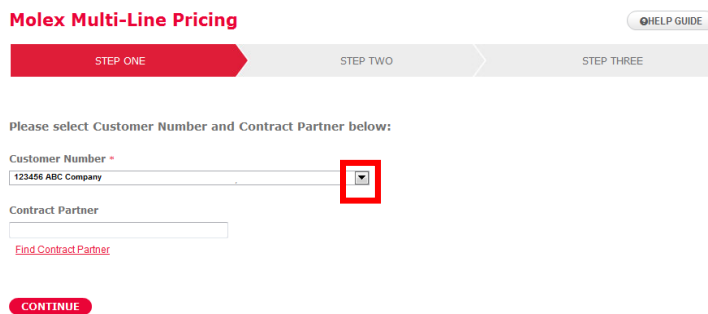

Use the following function(s) to submit as many part numbers as needed and retrieve such data as price, lead-time, and MOQ/SPQ etc.. You can manually type the part numbers and quantities or upload from a Microsoft Excel spreadsheet.

Function	Description
Process single materials	Use this function for price requests for one or a few parts by typing them individually into the screen.
Display multi line price/material information	Without Profile - Use this function to upload multiple parts, quantities and contract partner numbers (optional) from a MS Excel spreadsheet as needed.
Display multi line price/material information	With Profile - Use this function to upload multiple parts, quantities and contract partner numbers (optional) from a MS Excel spreadsheet as needed while creating a spreadsheet profile that can be used for future orders.

- Under the VIP Services section, click the *Multi Line Price / Material Information* link.

- CustomerNumber.** Your customer number automatically defaults, but if you have more than one account number, click the dropdown arrow and choose the desired value.

Process single materials

To enter only a few part number(s) and quantities, complete the following process:

STEP ONE

1. Select **Customer Number** (NOTE: This field should automatically contain your sold-to number. However in an instance where there is more than one sold-to number click on the drop-down menu to select an appropriate customer number.) / **Enter Contract Partner** (Optional)
 - a. Select **Continue**

2. Proceed to VIP Cart  My Parts (0 items)

Display Competitor Cross Reference

Use this function to search for one or more Molex part numbers that corresponds to a competitor part number.

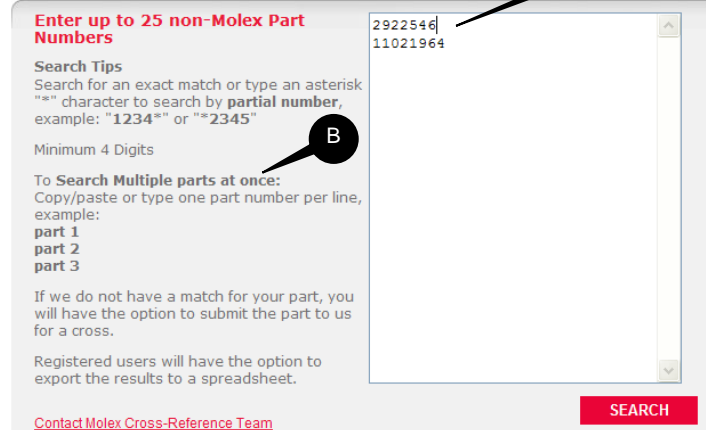

1. Under the VIP Services section, click the *Competitor Cross-Reference* link.

VIP Services

- Sample Requests
- Order Status
- Open Orders
- Single Line Price / Material Information
- Multi Line Price / Material Information
- Price Request
- Price Request Status
- Complete Contract Partner Agreements
- No Part Located
- Competitor Cross Reference**

2. The *Competitor P/N* screen is displayed.

Cross-Reference Search

Enter up to 25 non-Molex Part Numbers

Search Tips
Search for an exact match or type an asterisk "*" character to search by **partial number**, example: "1234*" or "*2345"

Minimum 4 Digits

To **Search Multiple parts at once:**
Copy/paste or type one part number per line, example:
part 1
part 2
part 3

If we do not have a match for your part, you will have the option to submit the part to us for a cross.

Registered users will have the option to export the results to a spreadsheet.

[Contact Molex Cross-Reference Team](#)

SEARCH

Batch Cross-Reference Search

An exact match (part numbers) search.

Send a spreadsheet via email of up to 2500 part numbers. The spreadsheet with the cross-reference information will be emailed back to you. Make sure the spreadsheet is formatted per instructions or download a template spreadsheet (contains instructions).

[Submit a Batch](#)

Exporting a Spreadsheet

If you would like to export your cross reference results to a spreadsheet, you must be a registered user and logged in while using the cross reference. Registered users are also able to upload a PDF of the part they need us to cross.

A: Enter the competitor part number. Wildcards can be used if you do not know the full competitor part number. (Search Tips shown on the left side of the page).

B: To Search Multiple parts at once: Copy/paste or type one part number per line, example:

part 1
part 2
part 3

3. Click **SEARCH**

4. The **Cross-Reference Search Results** screen is displayed.

Home: Cross-Reference Search > Cross-Reference Search Results
