Oracle Hospitality Symphony is the premiere cloud and mobile hospitality management platform, providing enterprise point-of-sale (POS) and back-office functionality to support a wide range of food and beverage operations. Learn how to best set-up and leverage this solution with an Oracle Hospitality Symphony Learning Subscription.

Oracle Hospitality Symphony - Learning Simplified

The Oracle Hospitality Symphony Learning Subscription – Property Expert Edition is a complete training solution for property experts, IT professionals, and any hospitality industry professional seeking Oracle Hospitality Symphony training.

It includes interactive configuration walkthroughs, best practice tutorials, and comprehensive overviews of the newest features available within the latest Symphony release. This all-digital subscription is available 24/7 from any device, and will be frequently updated with new content to meet the needs of an evolving hospitality industry.

This subscription is ideal for:

- ✓ Symphony Property Experts
- ✓ Symphony System Administrators
- ✓ Developers
- ✓ Integrators
- ✓ Support Engineers

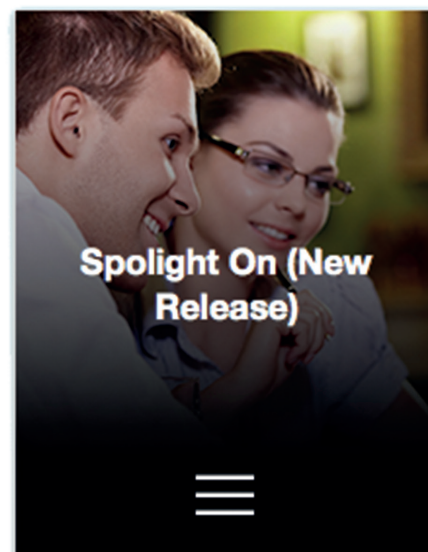

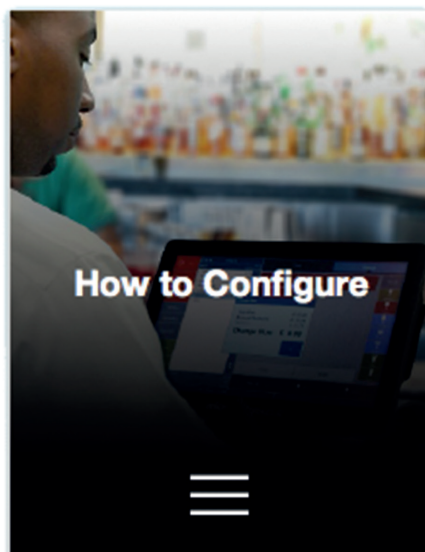

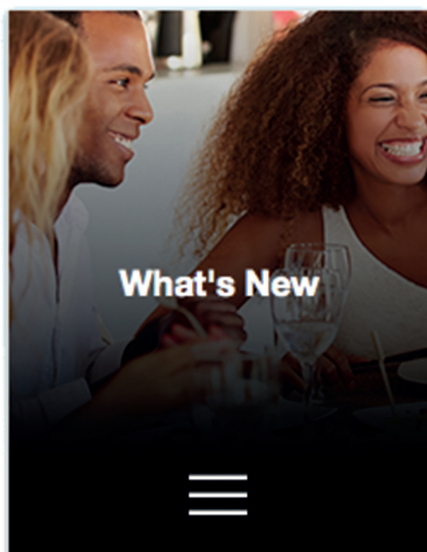

Learn how to:

- ✓ Take advantage of Symphony to elevate the guest experience, enhance operational efficiency, and improve the bottom line
- ✓ Configure Symphony efficiently with an understanding of the decision points in the Oracle Hospitality Symphony point of sale
- ✓ Configure your menu within the Symphony Point of Sale using strategies that offer flexibility needed to optimize your speed-of-service and guest experience
- ✓ Leverage Symphony features to optimize efficiency and increase table turns
- ✓ Add employees, configure discounts and dynamically display your orders to better meet your business needs
- ✓ Configure hardware, such as workstations and printers, within Symphony and ensure that each piece of hardware is performing the correct job
- ✓ Leverage the newest Symphony release, including overviews and configuration walkthroughs of new features and other key changes
