

## **Adobe® RoboHelp® 7.0.3 ReadMe**

Welcome to Adobe RoboHelp 7.0.3 readme. This document contains information about major changes which are included in this update.

### **List of major issues resolved in this update.**

- If a user is creating a project with Adobe RoboHelp for Word – Japanese (with patch 7.0.2 installed), project cannot be saved after editing. This problem is not there in non-Japanese products.
- Publishing to Adobe RoboHelp Server 8 is enabled from RH7 after installing this patch.
