Payroll Data Care
How would your staff react if you couldn't pay them on time?

Sage MicrOpay's Data Care service enables you to backup, protect and store your payroll data automatically in a secure offsite data vault ready for you to access at anytime, anywhere, for any reason including recovering from a disaster where your own systems are out of action.

Data Care Options

Data Care Restore Only service is for those companies with their own data backup procedures in place. By registering with Sage MicrOpay Data Care Restore Only, in the event of an emergency you will be given access to the Sage MicrOpay Data Recovery Server to enable you to upload your payroll data and run your payroll.

Data Care Online Replication-Storage Recovery is perfect for companies looking for a secure and complete offsite payroll data backup and remote server access.

Features

• Automated Continuous Backup
LiveVault InSync™ disaster recovery agent automatically and continuously replicates and encrypts your selected data.

• Secure Offsite Storage
Data is encrypted and compressed at the source and using your current internet connection is automatically transmitted offsite to a T4 rated data vault.

• Secure Access
Your data is protected through account password and data encryption password.

• Quick Recovery
The ability to run your payroll from anywhere, at any time

Peace of mind from our state of the art security technology

State of the art security technology is used to protect data at every level of the process, from data source, network to storage.

Take the first step in caring for and protecting for your payroll data by completing the registration form, overleaf.

Select one of the following solutions

☐ **Data Care –
Online Replication-Storage-Recovery**
Price: $660.00 p.a.

Install LiveVault® backup restore agent for automatic and secure data backup and storage. In the event of loss of data you can choose to recover to your own system or contact the Sage MicrOpay Help Desk to arrange for access to the Disaster Recovery Server to enable you to run your payroll.

☐ **Data Care –
Restore Only Service**
Price: $660.00 p.a.

Maintain your own backup and storage process. In an event that prevents you from processing your payroll contact Sage MicrOpay to enable remote access to our Disaster Recovery Server where you will be able to upload your recovered data and run your payroll.
