[Table 4](#) provides approximate battery charging times for various multi-charger configurations.

Separate AC power cords for use outside of the United States are available for the multi-charger power supply.

The lock set, as shown in [Figure 4](#)

	Security cable—Insert cable loops through the C-ring.
	C-ring—Insert C-ring with cable loops through slot on back of phone.
	Combination lock—Use lock to secure ends of C-ring around cable loops and phone.
	Cable lock—Use standard cable lock to secure desktop charger.

The Cisco Unified Wireless IP Phone 7921G requires a 2.5 mm, 3-band / 4 conductor plug headset or ear bud. The audio portion of a headset must sound good to the user and to the party on the far end. Sound is subjective and Cisco cannot guarantee the performance of any headsets, but some of the headsets on the site listed below have been reported to perform well on Cisco Unified Wireless IP Phones.

The leather carry case, shown in [Figure 6](#), provides complete coverage for the phone. The clear plastic window allows you to view the sc
